

## Within the legions of Academe

### Tribute to our inspirational Teachers

That The University of Delhi could discover , nurse , nurture , orient, train, prepare , promote , advance , enable and enrich the Person and the lives 'n careers of successive generations of overwhelmingly first / secondtimer collegiate Indians and ( especially Third World ) foreigners while simultaneously building blocks - nay, communities – of individual , collective and institutional Brilliance to emerge *numero uno* , is a tribute to the legions of Teachers whose devotion , dedication and dynamic intervention transformed tens of thousands of youth from all corners and climes into “generally prepared ”, sometimes outstanding almost “grown – up” adolescents and to – a – degree (!) adults .

Indeed , we've produced en masse yet remarkably fine – tuned graduates *plus* who number a staggering 3.4 million bw 1923 – 2015 !!

At any given time we count 550,000 students engaged in 160 study – courses spawning 7800 exampapers and 2500 examiners year .

While 'tis impossible to chronicle the huge numbers, here's a tentative , random FirstList of *inspirational Teachers* drawn from alumni Recall .
