

Message from President DUWA

Ms Neelanjana Singh

President Delhi University Women's Association DUWA

Greetings!

I am privileged to be a part of the many constructive and highly valued activities of the Delhi University Women's Association. I am fully conscious of the unique role that DUWA has played in the past.

DUWA has come a long way since its inception almost 50 years ago. The endeavor of the organization has always been to add value to society in a creative and productive fashion.

I see DUWA as an **independent but constructive entity** that complements and supplements the University of Delhi. In many ways we are an extension of the University and I would like to believe that **we are also integral** to the university community. In the past, the DUWA has focused on education and skill development. Keeping in mind the current trends and needs of society, it may be a good time for an **enlightened reassessment**.

In the next 5 years, DUWA would like to undertake projects related to health and to environment issues such as:

- Managing our environment so as to reuse, recycle and renew resources
- Promoting healthy eating habits amongst students
- Setting up a counseling/ De- stress Centre where students could be helped to cope in a holistic manner with various emotional problems.

DUWA is led by

Over the decades since this dream project of Vice Chancellor Dr C D Deshmukh's wife , Ms Durgabai Deshmukh, who also set up the school, subsequent Presidents have added value to DUWA service .

Former DUWA volunteers, beneficiaries and visitors are welcome to send in their recollections of this very significant voluntary service rendered by the DU community.
