

Kamala Nehru celebrates its

Golden Jubilee

Kamala Nehru College, turned GOLDEN in 2014 .

Established in 1964 as Government College for Women and housed in Defence Colony, I was renamed 'Modern College for Women' in 1966 , It moved to its present location in 1974 and was finally christened 'Kamala Nehru College'.

It was a moment of pride and honour for each one associated with KNC- past and present - to witness the college completing its journey of educating and empowering young women for half – a – century .

Many academic and cultural activities are on through the year with on the *Golden* theme with 25 co-curricular societies, NCC, NSS and NSO working in perfect harmony this historically jubilant moment in the life of an institution .

Those who have joyously passed out in the past, those who are a vibrant part of it today and those who will be joining the college in 2015 (will) make Kamala Nehru College shine brilliantly in the Golden – plus years ahead .
